Rumor Says That Senators Hill, Smith and Brice Will Spring It.

Republican Senators Regard This Scheme as Wildly Improbably-In the Meantime the Administration is Endeavoring to Have Present Measure Passed.

WASHINGTON, April 20.-Upon the surface the situation in the senate as to the pending tariff bill is unchanged and likely to remain so for some time. There are movements, however, going on beneath the surface which may or may not reach definite development during the month of May, but nothing China the names, of our citizens, inwhich will tell in one direction or the Wilson-Voorhees bill can be expected at once.

While the tariff debate drags its length along in the seaste chamber, efforts of the administration to heal the differences of opinion among the democrats and to insure enough votes to send the bill to the conference committee quietly con inue. These efforts have as yet had no definite result, except the statement that the sugar schedule may be amended in such a way as to satisfy the trust.

The slow progress which these negotiations are making among democrats is in part due to their secrecy and to their delicate nature, and in part to a realization that the tariff debate can not be shortened by any known means, and that there is plenty of time for the Cleveland democrats to work toward their ultimate purpose.

Any positive statements sent out of Washington at this time as to the fate of the bill are based upon rumors which do not bear investigation. It is certain that despite the speeches of Senators Hill and Smith, the democratic leaders of the tariff fight not only betray no alarm, but assert more confidence than ever in the ultimate passage of the tariff bill, although they admit it will be changed in many details, and that it may be changed in some very important respects from its present form. These changes, however, are still weeks distant.

One of the efforts towards changing the bill, which is now being quietly considered by such discontented demoocrats as Eenators Hill, Smith and Brice, is the possibility of presenting a new bill as a substitute. Technically, under the parliamentary practice, this would not be a violation of the constitutional provision which requires revenue measures to originate in the house.

The practical effect of such a substitution would be, however, to bring before the senate a new measure. Senator Hill has entered a request that the old Mills bill be printed for the information of the senate. This has given rise to the conjecture that Senator Hill may offer the Mills bill as a substitute for the pending measure.

Republican senators regard this consecture as wildly improbable. It is thought by republicans that Senator Hill's purpose is purely to supply copes of the Mills bill in order to satisfy inquiries as to the provisions which have resulted from his statement that some such measure would be more satisfactory to him than the Wilson-Voorhees bill.

NEW CHINESE TREATY.

Senator White Favors It and Explains Chinese Peculiarity or Two-

WASHINGTON, April 20. - Comment has been caused by the announcement that Senator White, of California, favora the new Chinese treaty. To the Associated Press the senator has given for the first time the reasons for his atti-

tude on this subject. "The treaty recegnizes," he said, "the validity of the Geary and Me-Greary acts, and explicitly declares that the Chinese government will not object to their enforcement. This is a substantial gain, because the supreme court sustained the validity of the Geary law by a mere majority, and one of the justices whose votes determined the case has died, so that all recognize the uncertainty of a second presenta-

tion to that tribunal" The provision whereby the United States agrees to furnish annually to cluding missionaries who reside there, other as to the ultimate fate of the is in effect a guarantee by the Chinese empire that the Americans will not be disturbed. Missionarles need have no solicitude hereafter. DALTON GANG.

A Bleody Battle to the Death Fought

Between the Notorious Outlaws and a Force of U. S. Marshals.

The Bandits Were Almost Wiped Out of Existence by the Officers' Winchesters-One or More of the Marshals Killed -Bill Dalton Among the Slain-

PERRY, O. T., April 20.-A bloody battle to the death was fought Wednesday between six members of the notorious Dalton gang of outlaws, headed by Bill Dalton, and a force of deputy United States marshals. The bandits were wiped out of existence by the bullets from the Winchesters of the posse, which had been trying to effect their capture for some time. The wornout courier who brought the news of the encounter Thursday to this place was unable to give particulars of the actual result in killed and wounded on both sides, as he left before the end of the battle. He believes that one more of the marshals have been killed. The battle scene is reported to have been sixty-eight miles southeast of this city, near Ingails, which is the dividing line between the reservation of the Creek Indians and Oklahoma.

The gang of outlaws consisted of Bill Dalton, Bill Doolin, "Bitter Creek Kid," "Three-Fingered Jack Boone" and two unknown men. On the side of the law were eight United States deputy marshals, headed by City Marshal William Tilgman, of Perry, and his assistant Heck Thomas. Both these officers had authority to act as deputy United States marshals from United States Marshal Nix. They had a reputation all over the western states and territories for bravery and as crack shots. It had been expected for some time that the fight would be brought on, and the desperate character of the extinct band of outlaws. combined with the determination of the officers of the law to hunt them to their death, gave assurance of a bloody battle.

The leader of the gang which has jast been exterminated was a brother of the more famous Daltons, who were killed at Coffeyville, Kan., during a raid by the gang on the bank there. One brother is living in California, and another near Pt. Smith, Ark., in the Creek country.

The gang which has now been killed off plundered the depot at Woodward, O. T., a few weeks ago, getting away with \$10,000.

Sheriff Scruggs left here Thursday night with a posse of twelve for the scene of the battle. He will make a forced march and will be joined by possies which have left Guthrie, Oklahoma City and Chandler for the battle ground. Bill Dalton has a sister living near this city, and there was great excitement Thursday night on account of the news of the battle. City Marshal Tilgman, who is reported to have been the leader of the posse of exterminators, was formerly marshal of Dodge City, Kan.
